Oh Sarah how I should like to be at Home to night instead of being here, for it blows a heavy gale of wind and snows very fast and I am wet through as I can be and as cold as cold can be, I have got to take 8 hours out to night and Sarah you can not imagine how I shall suffer, but darling this night shall be spent in thinking of you take comfort to night and I will think of you. Friday Dec 13th

This has been a mild day Sarah, it has blown a living gale all day we have not had any sail set all day and it has rained like fury to land so cold that we could not step on deck but a few moments at a time, but I suppose you are taking comfort and God bless you take comfort if you can for it is enough for one of us to suffer. Saturday Dec 14th

This day comes in a little more pleasant but it is thick and cloudy and not so cold as it was yesterday, the wind went down this morning so that we made sail and went on our way. We are now in the Gulf Stream where it is liable to blow a gale at any time, there is bark in sight who is bound to England I should think by the way she is steering. Sweet Sarah I have got eight hours on deck to night but my mind will be on you and that will make the time pass off much quicker. Kiss little Susie for me. Good night.

Sunday Dec 15th

Great compassion, who has been one of the
 last days I can see, we are in the latitude of 44° N.
 and 29° W. West longitude, bound to the West Indies
 with a nice, pleasant breeze this morning, after breakfast
 I went to the mast head and stayed
 until 10 O'clock A.M. when I came on deck again
 to look for the first time in the "Hesperia" at 12 O'clock
 put a table in to feed the "Hesperia" at 12 O'clock
 for dinner, and went to the mast head and
 stayed until 2 O'clock P.M. came on deck and
 observed my mark on the "Hesperia" at 4 O'clock
 I finished the job and while I was busy at
 the work the pleasant thought would come to
 mind, that just one year ago to day you made me
 sufficient for going with your darling, Fannie.
 Our first pledge of affection if God has spared her life
 to this pleasant day she is one year old, and now
 the first prayer is that she may grow up in the path of wisdom
 and rectitude and be able to see many more years. She can
 give comfort to us, and she might be a disgrace to us.
 But the "Father God" forbid, if she will, but to live up to
 the path of wisdom and rectitude as near as possible
 to the "Father God". Such is my prayer and intention.
 Thought has passed my mind to day concerning Fannie.
 The same has passed yours without doubt. I hope
 it is well for me to mention them, and come to a close
 for this evening by asking you to bid Fannie for me and
 bid her good night. Love and compassion. Yours Frank B. May

Act 1 Moon Over The Water

When the moon was on the water I will hasten love to the
 shore of all earths fairest clime that you are the dearest one to me
 and I will be with you in the ocean. Still my back shall turn to the
 shore in shame of pure dishonour I will sing love songs to the
 sea. Oh I will sing love songs to the sea. When the
 shore of hope was shining there then you were the
 that shore of hope. Complaining all the while my love was
 to you my gentle Mary you are all that I hold to me.
 And I would your fortunes were I will love you to the end
 Repeat—

And when the waves have melted in sound when search for me
 Oh now he was in the fishing it may clear from the sea
 I have loved the gentle Mary I have loved you through the sea
 And I would your fortunes were I will love you to the end
 Repeat—

Give Freedom to your - Cause.

Wail! I can tell the nothing I can bear the machine chain
have felt its burning together and can bear it - put it down
on myself I ask too high if you send me to my grave
I will sooner end my troubles than give freedom to your cause
Repeat -

you have said that you would tell me that - that could bring me to
you I tell you masses - but if you hear me - you must know what
I mean - I put out that freedom but - repeat - what else is there
I'll lay my life down for it - to save you from that - end
Repeat -

But your eyes are full of anger and some pressure - I hope you have
looked at the world that I should speak - get - I pray for you again
I ask all things for you which to me you will desire
as to the man or Christian mass - I can see that

Officers -
I ask to the church - their donation it is one of the most common in
the fear of each command is falling the widow and orphan is
to be - to earth - is nothing and the same must be the same
the man and the voice of the mountain war awake to the light

It is soldier ship that man needs - the
hand in the fire to day -
